IN-A-BOX

Christmas Tree Blocks

INSTRUCTIONS: Print on white card stock, laminate and cut out boxes. (You don't have to laminate the pages, but it will prevent the ink from smearing when you modge podge the squares. Using modge podge, glue each square onto a wooden block. Put one color square on each of the blocks. Cover the entire block with Modge Podge.

You can use the guide below when you attach the picture to the blocks of wood if you want them to be in the same order that I demonstrated in the YouTube video. If not, just put one of each style on a block.
