Lego Temple Building Instructions

Pass out the numbered baggies with lego pieces and quotes to the youth. Starting with number 1 have the youth open the bag, read the quote or scripture, and the question. Discuss the question with your group then add the lego piece as directed below depending on which temple you want to build.

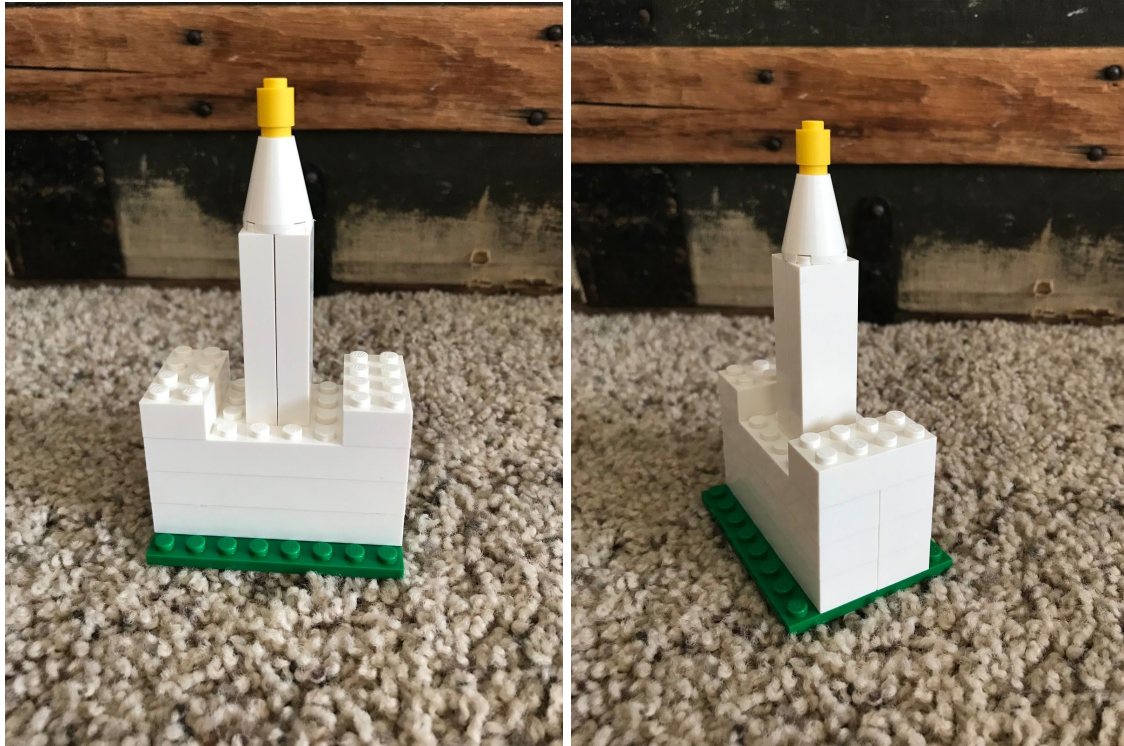

- 1- Place the piece in the middle of the green piece.
- 2- Place the piece directly on top of the first piece.
- 3 - Place the lego directly on top of the last lego.
- 4 - 6 - Place directly on top of the other lego pieces.
- 7 - Place the lego piece centered on top of the last lego piece.
- 8 - Place the lego piece directly on top of the last lego piece.
- 9 - Place lego piece on the 2nd from left knob.
- 10 - Place lego piece to the right of the last lego piece.
- 11 - Place cone on top of both tall lego pieces.
- 12 - Place the "Angel Moroni" on the top of the cone.

- 1- Place the piece on the second row of knobs on the green piece.
- 2 - Place the lego right behind the last lego piece. They should now be centered on the green piece with one row of knobs in front and one row of knobs behind.
- 3 - 6 Place directly over one of the last white pieces so you end up with two columns three pieces high (see photo for reference)
- 7 - Place lego on the third and fourth knobs from the left on both top lego pieces.
- 8 - Place lego right next to the last lego piece.
- 9 - Place lego tower piece in the middle of the second row of knobs.
- 10 - Place lego tower piece directly behind the first tower piece.
- 11 - Place lego cone on top of the two tower pieces.
- 12 - Place the "Angel Moroni" on top of the cone.

- 1- Place the piece on the second row of knobs on the green piece.
- 2 - Place the lego right behind the last lego piece. They should now be centered on the green piece with one row of knobs in front and one row of knobs behind.
- 3 - 6 Place directly over one of the last white pieces so you end up with two columns three pieces high (see photo for reference)
- 7 - Place on the left side of the top lego pieces.
- 8 - Place on the right side of the top lego pieces.
- 9 - Place tower piece centered on the second row of knobs in the middle.
- 10 - Place tower piece directly behind first tower piece.
- 11 - Place lego cone on top of both tower pieces.
- 12 - Place the "Angel Moroni" on top of the cone.
